

13th May, 2021

Dear Dr. Chakrabarty,

We are a COVID hospital in India and are trying to build up our capacity to take care of more COVID patients. Please send us **30** Covent ventilators so that more patient lives can be saved during this humanitarian crisis. These ventilators will be used free of cost to patients and will not be resold.

Thank you for your consideration.

Sincerely,

Dr. Taha Mateen
