Date:

Dear Dr. Chakrabarty,

We are an NGO working for the patients who need palliative care intervention in India and are trying to build our capacity to take care of more COVID patients as well in the wake of it's spreading at alarming proportions. Please send us Covent ventilators so that more patient lives can be saved during this humanitarian crisis. These ventilators will be used free of cost to patients and will not be resold.

Thank you for your consideration.

Yours faithfully, For Life Care Foundation

Mujeeb Kuttamassery

Chairman
