New Delhi-11021.

Sub.: Donation of 250 numbers of Covent Ventilators to Govt. of Peoples Republic of Bangladesh

Your Excellency,

Kindly accept Greetings from ApShiNi, a nonprofit Philanthropic Organisation in the USA.

You will be glad to know that we, a number of Bengali Medical Practitioners in the USA, have come under the banner of ApShiNi. We have procured a number of Covent Ventilators, which are very useful as lifesaving oxygenation equipment and are very helpful for the treatment of Covid patients. We have already donated some to the Govt and various other organisations in India.

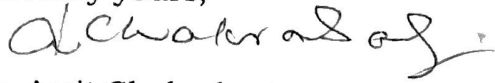

Now, as per request of the Bangla World Wide, a nonprofit organization, having its headquarters in Kolkata, India, and its presence felt in 1128 cities across 93 countries in the world and also on initiative of Dr. Ziauddin Ahmed, Professor of Medicine & Nephrology, Temple University, Philadelphia, USA, who is also associated with Bangla Worldwide and Bangladeshi American Physicians Group, USA; we are now delighted to donate 260 numbers of Covent Ventilators to the Government of People's Republic of Bangladesh free of cost.

The materials are now with the Health Cubed India Pvt. Ltd., Handling Agent, in New Delhi, India, which have duly been instructed to hand over 250 such Covent Ventilators free of cost (and only on reimbursement of handling and incidental charges) to your representatives from the Bangladesh High Commission in New Delhi, India, for onward transportation of the same to Bangladesh, as these portable lifesaving oxygenation equipment are meant to be utilized by the Govt. of People's Republic of Bangladesh, primarily for the poor and needy patients in different parts of Bangladesh to combat the covid pandemic.

Hope, you will kindly do the needful and oblige,

Thanking you,

Sincerely yours,

Dr. Amit Chakrabarty
Chairman,
ApShiNi.
